

HONDURAS AMBIENTAL

SPONSORSHIP OPPORTUNITIES

hondurasambiental.org/donate

Dear Strategic Partner,

We need your help to make an impact on the Bay Islands. This is your opportunity to come alongside other businesses and supporters to truly make a difference together.

Honduras Ambiental is designed to bring together smart, successful business leaders and those who love our community to create meaningful change. Join leaders like Danny McNabb, Scott Miller, and Sterling Lucas as we forge what we believe will be the catalyst for a brighter future built on cooperation.

You are invited not only to be a sponsor of our kick-off event-Healthy Goals Weekend Oct 3-6th, but also to become a community leader who helps shape the transformation to come.

Please act quickly to show your support—not only for this event but also for the future of winning together and making a lasting impact! Thank you in advance for your time and support of this important initiative.

With gratitude,

Krystalore Crews
